Product Overview

The shelf for fixed mounting is easy to install on the front 483 mm (19") profile rails of your 483 mm (19") network- or server cabinet. Due to its compact construction it is perfectly suitable also for 483 mm (19") wall mounting cabinets with a depth from 450 mm. The shelf is extendible via handle which makes the access easier. Due to its stable, perforated steel sheet with a load capacity of 30 kg, it is the optimal surface for components which are not 483 mm (19") suitable.
